

FLINTRIDGE BENEFIT GROUP

*For Peace of Mind Asset
Protection Planning...*

For you and your Horses

Traditional Equine Insurance covers your horse's health, loss of use and mortality.

Other conventional plans offer Equestrian Business and Equine Liability Insurance.

We focus on you...the Owner.

Our unique company gives folks the '**Peace-of-Mind**' knowing that they are ready for any eventuality which may include for the Owner a zero cost 'Living Benefits' rider (available on some plans).

We identify the right strategy and implement a plan of action. If necessary, this may involve the purchase of a financial product.

Formulate a plan with us, that you design, as we safeguard your most precious assets.

"You must make sure someone responsible is able to care for your horses' by PROVIDING the Means and Ability to do so."

***Do you have a plan in place to protect the one you love?
Your prized possession!
Your horse.***

A plan to protect your horse[s] in the event of your premature death or if you are unable to care for your horse. With all the turmoil of the past year, have you made these plans?

During California wildfire season, there's always a plan in place to evacuate, but we tend to forget there are other life-changing events that can occur without warning.

Don't put it off for another day when it's too late!

Make a Plan:

- Designate a Beneficiary.
- Provide Financial Security
- Prepare ahead for life changing events.
- Avoid a Livestock Foreclosure Lien, Auction or Worse!
- Ensuring the fulfillment of Charitable Goals.
- Living Benefits for you with some policies.
- Estate Planning: Giving your wishes Legal Weight!

Only YOU can decide what happens to your horses should something happen to you.
