

First  
Annual

The  
Varian Way Weekend

AUGUST 5-6, 2017

# WELCOME

---

Welcome Friends,

We are so pleased you are able to join us for our 1st Annual Varian Way Weekend! Varian Arabians is deeply committed to the foundational principles carved by Sheila Varian. “The Varian Way” is a way of life that combines a love for the land, a loyalty to tradition steeped in Vaquero heritage, a soft approach to horsemanship, and a hands-on methodology that challenges our own humanity as much as our horses.

Thus the event replacing the long-running annual Summer Jubilee is called The Varian Way Weekend, and will feature a handful of new experiences focusing on the principles, lifestyle and education of The Varian Way, along with some of the most beloved experiences of the Summer Jubilee, such as the treasured Mare Walk.

We believe that The Varian Way is a timeless tradition, and it is now our privilege and responsibility to see it through for generations to come.

Thank you for joining us for this historic new chapter of Varian Arabians. We hope you find this weekend to be inspirational, provocative and educational in your journey with the Arabian horse.

Sincerely,  
Angela Alvarez & Staff

# SHEILA VARIAN

---

## *Sheila Varian - In Loving Memory*

Sheila was probably more legendary outside the Arabian horse industry than in it, even though she has been widely considered the leading Arabian horse breeder in the world. Her historic win at the 1961 Reined Cow Horse World Championships at the Cow Palace in San Francisco gave her iconic status in the Quarter horse-dominated world of cow horse competition, being the first and only woman, the first amateur, and the first Arabian horse to ever win that prestigious award. Ask any cowboy today if he knows of Sheila Varian, and you'll probably get a tip of the hat. Aptly, she was inducted into the Cowgirl Hall of Fame in 2003, alongside legends like Annie Oakley and Supreme Court Justice Sandra Day O'Connor.

And though her long career started in training horses, her accomplishments in breeding them are even more impeccable. From initiating a surge of importations from Poland at the height of communist occupation, to bringing up a 2-year-old colt named Bay-Abi and opening the minds of breeders to experiment with outcrossing, Sheila always demonstrated profound vision for what could be. Largely, she was always correct. The birth of Bay-Abi's son, Bay El Bey, in 1972 is perhaps the most significant occasion in modern Arabian history. He changed the breed forever.

Yet still, beyond all her accomplishments, her intangible qualities are what set her apart. Her wisdom, leadership, wit, inspiration, character and pioneering spirit have enraptured every person lucky enough to cross her path.

She leaves our world and our breed a better place because she was a part of it. May she rest in peace, and her legacy live on forever.

*Long Live the V.*

# CLINICIANS

## *Ron Cople – The Varian Way Weekend Guest Clinician*

Ron has been training and showing Arabian and half-Arabian horses since 1996, with numerous Regional and National wins in the Western and Hunter Pleasure divisions.

His background with horses started with his family as a child, and the horses continue to be the driving force behind his love for the profession. Over the years he has learned from several nationally known trainers including Larry Lewis Jr. and Brett and Marjie Becker.

Upon one's first exchange with Ron, it is apparent that he shares the same quiet hand and guiding principles of horsemanship that Sheila did. It made them a good pair; Sheila entrusted many of her national-level performance prospects into Ron's hands, fully confident in his consistent ability to train them respectfully and in a team-oriented environment.

Ron's own personal story is one that has inspired many around him. In the fall of 2004, Ron was diagnosed with stage 4 Hodgkin's Lymphoma. So loved was he by his peers that a non-profit organization called the Arabian Horsemen's Distress Fund was established to support Ron and offer him funding to cover the extenuating expenses not covered by insurance in the rigors of his aggressive treatment. Today, Ron has achieved full recovery and is one of the Fund's most notable spokespersons. His love for life, people and horses is evident in every interaction, and he will most certainly deliver a series of clinics this weekend that will leave guests inspired and educated in their horsemanship journey on The Varian Way.

## **AUDACIOUS PS** (Fame VF x HAL Flirtatious)

### **Qualities**

Audacious presents himself in an especially appealing way. He is extremely charismatic with huge black eyes, a lovely, expressive face, long well-hinged neck, short back, snow-white color, and a tail carriage that is truly exceptional. With all of Audacious' showy attitude one won't find a sweeter or kinder stallion. With brief under saddle training at the age of ten years with Ron Copple, Audacious took to training as though he was a three year old. Varian Arabians had been looking for a stallion to breed back into the \*Jullyen El Jamaal daughters as well as the Desperado V, Maclintock V and Bravado Bey V daughters for five years and we are thrilled to have finally found a stallion that could live up to the requirements of Varian Arabians.... Beautiful, with excellent conformation, athletic capabilities and a mind that accepts saddle training.

**MAJOR MAC V** (Maclintock V x Majors Tiffany GA)

## **Qualities**

In 1959 we purchased Bay-Abi++ as a two year old stallion and in 1961 he earned US National Champion Stallion and the generations of great stallions bred by Varian Arabians began. Now 55 years later we very proudly introduce Major Mac V, a young stallion that carries the blood of 6 generations in direct line of Varian bred stallions beginning with Bay-Abi++.

MAJOR MAC V brings to Varian Arabians the next step in our stallion line that is so valuable in all aspects to the Arabian breed. We have watched Major Mac V since he was foaled with the hopes that he might grow to be the very important next step in our stallion line. Our highest hopes are proving true. Major Mac V has produced progeny that are true to his royal heritage, and already enjoys a worldwide following, without having stepped foot in a show ring. And he never will.

## **Info**

Color: Black bay, 4 white stockings, narrow strip in face. Major Mac V carries the black gene and will not sire a chestnut.

Conformation: Starting from the ground: even round feet, short cannon bones with excellent size of bone.

Shoulder, Barrel and Hip: All in balance and conformed to perform any Western or Hunter discipline. Tail: straight and carried well.

Head and Neck: Beautiful face with outstanding type, large eyes and small tipped ears. Moderately long, refined neck, clean throat latch with long poll and soft for ease of bridling.

Motion: Very strong movement with very good lift and follow through of hocks.

Temperament; Sweet minded, easy to handle, responsive and brave.

## **THE SEEKER V** (Audacious ps x Satine IA)

### **Qualities**

This colt is one of the finest colts we have bred by Audacious PS. He is beautiful at the highest level. The Seeker V is an important stallion and western pleasure prospect. He has already had success as a halter horse (see below), and is a full brother to two accomplished show horses: 2015 Scottsdale Reserve Champion Two Year Old Filly Serendipity V and 2016 US Top Ten Senior Stallion and Stallion AOTH Santino V. A good breeding stallion must come from a strong dam line and The Seeker V traces back to the breed's all time leading dam of champions, Kaiynda Special. His dam line has produced champions for six generations. Satine IA's sire, U.S. and Canadian Reserve National Champion Stallion QR Excel, is a full brother to a multiple National Champion Hunter Pleasure winner and to the dam of World Gold Champion Stallion, World and National Champion sire QR Marc.

The Seeker V will produce beautiful halter and western pleasure/hunter/trail horses, his paternal siblings have produced National winners in halter and multiple National Champion Western Pleasure Monaco Jullyen V. It has been many years since Varian Arabians has had a chestnut stallion in the breeding barn, very exciting!

**ALWAYS A JULLYEN V** (Jullyen El Jamaal x Amazing Grace V)

## **Qualities**

Varian Arabians is thrilled to have Always A Jullyen V on lease from multi-time APAHA Breeder of the Year, Palmetto Arabians. Returning home to his birth place couldn't make us happier, as we will offer him at stud for the 2018 breeding season. A sire of both the halter and performance National Champions, he is a true representative of Varian Arabians, and his pedigree of Jullyen El Jamaal and Huckleberry Bey renders breeders the true versatility of the Arabian breed. Beauty and athleticism with classic type and great ability come by honestly.

"The first time I saw Always A Jullyen V, he was showing with Andy Sellman at Scottsdale. He was my favorite colt during that trip because of his show attitude, beautiful color, and markings. When I looked at his pedigree, sired by Jullyen El Jamaal and out of a full sister to Afire Bey V, I found the combination intriguing. He has exceeded our expectations." ~Frank Chisholm

## **MOZAMBIQUE V**

(Botswana x Misti Morn V)

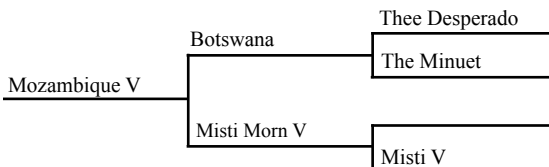

Grey Stallion Foaled 04/02/14

This is a beautiful colt is the perfect blend of his pedigree. When I look at Mozambique V, I see the regal Botswana, the charismatic Audacious ps, and the float-on-air quality of Bravado Bey V. Sheila and Allison Mehta teamed up to produce this colt. She chose one of our best broodmares, Misti Morn V, the dam of 3 National winners - 2 Top Ten halter winners, to be crossed with Talaria Farm's straight Egyptian stallion, Botswana. Sheila loved what resulted. Jaime has started Mozambique V under saddle as a western horse and he says he reminds him of Monaco Jullyen V, a half brother to Mozambique V.

Blending in Egyptian type is what has created the modern Arabian show horse today. Mozambique represents this concept brilliantly. He has the promise to be a champion western pleasure horse (and could be shown in the 2018 AWP), as well as a promising future as a great breeding stallion.

It is with great sadness that we lost Misti Morn V on July 14, 2017, making this colt even more valuable.

## A JOURNEYING COWGIRL LIFE

A Varian Arabians Blog  
written by Lisa Thompson

Monday, June 26th

**READ MORE ...**

In the past few years, when we have headed out for what I call a 'Dave Thompson Adventure Ride', it usually goes like this: We start out saying that it'll just be a short ride, something really easy for the young horse I'm riding. Then somehow we find ourselves lost in the wilderness, sometimes with scratches and scrapes across my face and hands and maybe even a tear in my shirt. But it usually turns out to be really fun. Lately our rides have become a bit more mild, but they still push the boundaries. This is one reason I love to ride with David, he's never boring.

*... And don't forget to sign up for the popular Varian Arabians blog, featuring Lisa Thompson! You'll feel like you're riding in the saddle alongside all her riding adventures.*

## **T.P. Haigh Art Studio**

Toni P. Haigh, a third generation Californian, was raised on a ranch, working cattle, showing, breeding, and training horses as well as teaching riding and art. She is able to “see” the personality and attitude and incorporate that into her portraits. Owners and trainers appreciate her “eye” that helps her capture that individuality. Her knowledge of anatomy and equipment gives her work it’s authenticity.

Toni is the gifted artist behind “Sheila’s Last Ride”, in which a portion of the proceeds goes to Varian Arabians.
